

State of Tennessee

2010
POS member
handbook

CIGNA HealthCare of Tennessee

We are where you are.

IMPORTANT NOTICE

This member handbook explains many features of the **Point of Service (POS)** health care option. It describes your benefits in general terms and is not intended to give all the details of every benefit, limitation, or exclusion. The information contained in this handbook is accurate at the time of printing; however, the Insurance Committees may change the benefits at their discretion, in which case you will be given written notice of the change. The Plan Document is the official legal publication that defines benefits. A copy is available for your review from your agency benefits coordinator or from the State of Tennessee Benefits Administration web site at www.tn.gov/finance/ins/. Benefits Administration does not support any practice that excludes participation in programs or denies the benefits of such programs on the basis of race, color, or national origin. If you have a complaint regarding discrimination, please call 1-866-576-0029 or 615-741-4517.

For services to be covered, they must be determined to be medically necessary.

If you are unsure about whether a procedure, type of facility, equipment, or any other expense is covered, ask your physician to submit a pre-determination request form to the claims administrator describing the condition and planned treatment. Pre-determination requests typically take up to three weeks to review.

Welcome

Welcome to CIGNA HealthCare! CIGNA HealthCare is the claims administrator for the Point of Service (POS) plan statewide, and our business is your health. Your plan provides access to quality care, close to where you live and work. You will also enjoy the freedom to choose your doctor – either in or out of our network – and convenient, no-referral access to specialists. We encourage you to use online tools and resources to help you stay healthy and get the most out of your plan. We stand ready to help, so just call the toll-free number on your CIGNA HealthCare ID card if you have questions or concerns.

CIGNA HealthCare of Tennessee – We Are Where You Are.

If you live or work in any Tennessee county, you are eligible for the POS option.

Plan Administration and Claims

Administration

Benefits Administration of the Department of Finance and Administration is the plan administrator and CIGNA HealthCare is the claims administrator. This program is administered using the benefit structure established by the Insurance Committee that governs the plan. When claims are paid under this plan, they are paid from a fund consisting of your premiums and the employer's contributions (if applicable) and not by an insurance company. CIGNA HealthCare is contracted by the state to process claims, establish and maintain adequate provider networks, and conduct utilization management reviews.

Claims paid in error for any reason will be recovered from the employee. Filing false or altered claim forms constitutes fraud and is subject to criminal prosecution. You may report possible fraud at any time by contacting Benefits Administration.

Eligibility and Enrollment Topics

All individuals enrolling in family coverage must provide documentation verifying the eligibility of their dependents before the dependents will be enrolled in coverage. A list of appropriate documentation which may establish eligibility by dependent category is available from your agency benefits coordinator or the Benefits Administration web site.

Please refer to your Insurance Handbook, also available from your agency benefits coordinator, for additional information related to eligibility and enrollment. Eligibility and enrollment are managed by the plan administrator.

Customer Service

Before you enroll, CIGNA HealthCare provides a Pre-Enrollment Information Line that is available to help you and your family members learn about the benefits and advantages of CIGNA HealthCare.

We invite you to contact us with any questions during your enrollment period.

**CIGNA HealthCare
Pre-Enrollment Information Line:
1.800.564.7642**

For information about specific health care claims, please call customer service. Our representatives are familiar with your specific coverage and are available to answer your questions. When contacting customer service, you will be asked to verify your identity and give information from your CIGNA HealthCare ID card.

**CIGNA HealthCare Customer
Service: 1.800.CIGNA24
(1.800.244.6224)**

Have you heard the great news?

CIGNA HealthCare has extended the hours of Customer Service for your convenience.

**Customer Service is now available

ROUTINE VISION CARE Optometrist* Ophthalmologist** <i>* For in-network benefits, exams must be obtained from a participating Vision Service Plan (VSP) provider which can be located by calling VSP at 800.877.7195 or online at www.vsp.com. This is only for routine eye care. Limited to one visit/year.</i> <i>**Non-routine care such as medical conditions and injuries to the eye are covered under your medical plan. A participating ophthalmologist for these types of care can be located by contacting customer service.</i>	\$10 copay \$30 copay	70% of MAC after deductible 70% of MAC after deductible
DENTISTS Extraction of impacted wisdom teeth, excision of solid-based oral tumors, accidental injury, orthodontic treatment for correction of facial hemiatrophy or congenital birth defect (subject to plan limits)	100% of reasonable charge after \$30 copay	100% of reasonable charge after \$30 copay

MAC=Maximum Allowable Charge

Copays represent cost to participant, percentages represent portion paid by the plan.

Covered persons will be responsible for payment of charges above the MAC if non-POS providers are used.

If preauthorization is required but not obtained, benefits will be reduced to 50% of MAC for out-of-network providers and no benefits will be paid for network providers.

Website

Before you enroll visit www.cigna.com and see what we are about. Please visit <http://cigna.benefitnation.net/cignadol/default.asp?employer=3323504> to view participating providers that are specific to the State of Tennessee if you are not yet enrolled in this plan. Once you enroll, **myCIGNA.com** is your personalized, convenient and secure web site. You can review your benefits plan information; find participating physicians, specialists, pharmacies and hospitals closest to home or work; view the status of your claims; order a new CIGNA HealthCare ID card; and more.

You also have access to a number of convenient, helpful tools:

- **Cost Comparison Tools:** Use tools to compare costs and help you decide where to get care. You can get average price ranges for certain ambulatory surgical procedures and radiology services. You can also find estimated costs in your region for common medical services and conditions.
- **Pharmacy Tools:** Check your prescription drug out-of-pocket costs, listed by specific pharmacy (including CIGNA Tel-Drug®). Review your prescription drug claims history, including number of claims and total cost for the past 18 months. Click Drug Compare to look at condition-specific drug treatments and compare characteristics of more than 200 common medications.
- **Select Quality Care® Hospital Comparison Tool:** Compare hospitals according to your unique needs and preferences. You can also print out a personalized report or email it to your doctor. Select Quality Care has been approved as an evidence-based hospital referral tool by the Leapfrog Group (a business roundtable that encourages more stringent safety measures to help reduce preventable medical errors).
- **my health assessment:** Take an online questionnaire that can help you identify and monitor your health status. You can also find out how your family health history may affect you, learn about preventive care and check your progress toward healthy goals. And if your results show that you may benefit from other services, you can learn about related CIGNA HealthCare programs on the same site.
- **Healthwise®:** This tool gives you online access to medical content on a wide range of topics, including specific illnesses, first aid and medical exams.
- **Condition Centers®:** Learn about the prevention and treatment of more than 35 conditions, with links to related CIGNA HealthCare programs when available.
- **Health Record:** Store your personal health information in a central, secure location, including current conditions, medications, allergies, surgeries, immunizations and personal contact information for emergencies.
- **Health Trackers:** Use easy-to-read charts to keep track of your key health measurements such as blood pressure, blood sugar, cholesterol, height and weight.

Mental Health and Substance Abuse

Mental health and substance abuse benefits are administered separately from your medical benefits. Please contact Magellan Health Services at 1.800.308.4934 for assistance in this area. See your agency benefits coordinator for detailed benefit information.

Covered Medical Expenses

1. Office visits to a physician or a specialist due to an injury or illness.
2. Family planning and infertility services including history, physical examination, laboratory tests, advice, medical supervision related to family planning, medically indicated genetic testing and counseling, sterilization procedures, infertility testing, and treatment for organic impotence. If fertility services are initiated (including, but not limited to, artificial insemination and in-vitro fertilization), benefits will cease.
3. Nutritional guidance and other health education services when medically appropriate as determined by the claims administrator.
4. Immunizations, including but not limited to, hepatitis B, tetanus, measles, mumps, rubella, pneumococcal, and influenza, unless the employer is mandated to pay for the immunization. Immunization schedules are based on the Centers for Disease Control and Prevention guidelines and are subject to change.
5. Other preventive care including: adult annual physical exam (ages 18 and over), cholesterol screening, CBC with differential, urinalysis, glucose monitoring (ages 40 and over or

earlier based on doctor's recommendations and medical necessity), bone density scans (annually for females ages 50 and over, as medically necessary for ages 65 and over, or earlier based on doctor's recommendations and medical necessity. Scans for men are also covered based on medical necessity), and routine women's health (including, but not limited to, Chlamydia and cervical cancer screening).

6. Well-child visits to physicians including checkups and immunizations, 12 visits combined through age 5. Annual checkups for ages 6-17 and immunizations as recommended by the Centers for Disease Control and Prevention (CDC).

7. Mammogram screenings within the following guidelines: Once as a baseline mammogram between ages 35-39; once every year for ages 40 and over; or when prescribed by a physician and determined to be medically necessary.

8. Prostate screening annually for men who have been treated for prostate cancer with radiation, surgery, or chemotherapy and for men over the age of 45 who have enlarged prostates as determined by rectal examination. This annual testing is also covered for men of any age with prostate nodules or other irregularity noted upon rectal exam. The PSA test will be covered as the primary screening tool of men over age 50 and transrectal ultrasound will be covered in these individuals found to have elevated PSA levels.

9. Hospital room and board and general nursing care in a semiprivate room or in a specialty care unit if pre-authorized.

10. Charges for medically necessary surgical procedures and administration of anesthesia.

11. Charges for diagnostic laboratory and X-ray services.

12. An approved hospice program that is designed to provide the terminally ill patient with more dignified, comfortable, and less costly care during the six months before death.

13. Durable medical equipment (DME), consistent with a patient's diagnosis, recognized as therapeutically effective and prescribed by a physician and not meant to serve as a comfort or convenience item. Benefits are provided for either rental or purchase of equipment; however, the total amount paid for monthly rentals cannot exceed the fee schedule purchase amount.

14. Removal of impacted wisdom teeth, excision of solid-based oral tumors, and treatment of accidental injury (other than by eating or chewing) to sound natural teeth.

15. Continuous passive motion machine for knee replacement surgery or anterior cruciate ligament repair for 28 days after surgery.

16. The initial purchase of an artificial limb (prosthetic device) necessary due to an illness or injury and subsequent purchases due to physical growth for a covered dependent through age 18. One additional limb prosthesis past age 18 will be covered if additional surgery has altered the size or shape of the stump, or if a severe medical condition could result from improper fitting of the initial prosthesis. Replacement prosthetic due to normal wear and tear or physical development, with written approval.

17. Smoking cessation aids requiring a prescription with a limit of up to two rounds of treatment each for a maximum of 12 weeks during a calendar year. *Continuation of this benefit is

subject to change based on availability of funds.

18. Expenses for temporomandibular joint malfunctions (TMJ) including history, exams, and office visits; x-rays of the joint, diagnostic study casts; appliances (removable or fixed); physical medicine procedures such as surgery; and medications.

19. Medically necessary services performed by a registered/licensed physical, occupational, or speech therapist limited to a maximum of 45 visits per condition, per plan year.

20. Eligible expenses for treatment of Autism Spectrum Disorders as specified in TCA 56-7-2367.

21. The first contact lenses or glasses (excluding tinting and scratch-resistant coating) purchased after cataract surgery.

22. Multiple pairs of rigid contact lenses that are determined to be medically necessary by the claims administrator and prescribed only for the treatment of diagnosed keratoconus. Intrastromal Corneal Ring Segments (ICRS) for vision correction are also covered with a diagnosis of keratoconus when certain medically appropriate criteria are met.

23. Cosmetic surgery only when in connection with treatment of a congenital anomaly that severely impairs the function of a bodily organ or due to a traumatic injury or illness; or reconstructive breast surgery if needed following a covered mastectomy (but not a lumpectomy), as well as surgery to the non-diseased breast to establish symmetry.

24. Diabetes outpatient self-management training and educational services including medical nutrition counseling when prescribed by a physician and determined to be medically necessary with a diagnosis of diabetes, limited to \$500 per calendar year. Coverage for additional training and education is available when determined to be medically necessary by the claims administrator.

25. Insulin, the related syringes (including needle-free syringes when medically necessary as determined by the claims administrator based on the patient's age, weight, skin, medical condition, and/or the frequency of injections), home blood glucose monitors, and related supplies for the treatment of diabetes as approved by a physician.

26. Screenings of the eyes (not including refractive services and supplies) and hearing impairment screening and testing for the purpose of determining appropriate treatment of hearing loss when medically necessary. Availability of benefits limited to once per plan year.

27. Certain organ and bone marrow transplant medical expenses and services (pre-authorization required). Hotel and meal expenses will be paid up to \$150 per diem. The transplant recipient and one other person (guardian, spouse, or other caregiver) are covered. The maximum combined benefit for travel and lodging is \$15,000 per transplant.

28. Orthopedic items, when medically necessary as determined by the claims administrator. These items include, but are not limited to, splints, crutches, back braces, knee braces, surgical collars, lumbosacral supports, rehabilitation braces, fracture

braces, childhood hip braces, braces for congenital defects, splints and mobilizers, corsets—back and special surgical, trusses, and rigid back or leg braces.

29. Foot orthotics, including therapeutic shoes, if an integral part of a leg brace, therapeutic shoes (depth or custom-molded) and inserts for covered persons with diabetes mellitus and any of the following complications: peripheral neuropathy with evidence of callus formation; or history of pre-ulceratic calluses; or history of previous ulceration; or foot deformity; or previous amputation of the foot or part of the foot; or poor circulation (limited to one pair per plan year), rehabilitative when prescribed as part of post-surgical or post-traumatic casting care, prosthetic shoes that are an integral part of the prosthesis (limited to one pair per lifetime), and ankle orthotics, ankle-foot orthoses, and knee-ankle-foot orthoses. Such items will be covered when prescribed by a physician if medically necessary as determined by the claims administrator unless otherwise excluded.

30. Home health care when certified and approved as medically necessary by the claims administrator. When ordered by a physician, covered services are limited to intermittent skilled nursing care given or supervised by a registered nurse with a maximum of 125 visits. Home health aide care is also covered with a maximum of 30 visits per plan year.

31. Medically necessary ground and air ambulance services to and from the nearest general hospital or specialty hospital.

32. Blood plasma or whole blood (including components and derivatives) unless donated or replaced by you or a family member.

33. Ketogenic diet counseling when approved through case management.

34. Medically appropriate sleep studies and evaluations.

35. Charges, including procedure charges, physician charges, and facility charges, for certain PET scans when determined to be medically necessary and approved by the claims administrator. (Members or physicians should verify medical necessity and benefit eligibility before incurring charges for use of the PET scan technology.)

36. Some surgical weight reduction programs, including related services that are medically necessary.

37. Colorectal screenings. Beginning at age 50, men and women have one of the following five screening options available: (1) yearly fecal occult blood test (FOBT), (2) flexible sigmoidoscopy every five years, (3) yearly fecal occult blood test and flexible sigmoidoscopy every five years (preferred over either test alone), (4) double contrast barium enema every five years, or (5) colonoscopy every five years. For individuals determined by their physician to be at high risk for colorectal cancer due to medical or family history, screening may need to begin at an earlier age and occur more frequently.

38. Tubal ligation and vasectomy.

39. Routine patient costs related to clinical trials as defined by TCA 56-7-2365.

40. Routine foot care for diabetics including toenail clipping and treatment for corns and calluses.

41. Generic proton pump inhibitors (a group of medications typically used to treat stomach acid problems).

Excluded Services and Procedures

- 1.** Services provided by a participant's immediate family member, whether by blood, marriage, or adoption.
- 2.** Services not ordered or furnished by an eligible provider.
- 3.** Charges in excess of the maximum allowable charge when using out-of-network providers.
- 4.** Experimental or investigational treatments, procedures, facilities, equipment, drugs, or supplies as initially determined by the claims administrator to not yet be recognized as acceptable medical practice or which require, but have not received, approval by a federal or other governmental agency. (Members are held harmless for charges or services from network providers unless they have signed a waiver accepting responsibility for the cost.)
- 5.** Charges that would be considered a covered injury paid under workers' compensation, regardless of the presence or absence of workers' compensation coverage.
- 6.** Comfort or convenience items.
- 7.** Humidifiers, dehumidifiers, exercise devices, blood pressure kits, heating pads, sun or heat lamps.
- 8.** Arch supports, corn plaster (pads, etc.), foot padding (adhesive moleskin, etc.), orthotic or orthopedic shoes and other foot orthoses (including inner soles or inserts) unless specified as covered expenses, foot orthoses primarily used for cosmetic reasons or for improved athletic performance or sports participation, and routine foot care including charges for the removal of corns or callus or trimming of toenails unless there is a diabetic diagnosis.
- 9.** Hearing aids, including examinations and fittings.
- 10.** Midwife services outside a licensed health care facility.
- 11.** Nonsurgical service for weight control or reduction, including prescription medication.
- 12.** Artificial or nonhuman organ transplants and related services, except for Ventricular Assist Devices (VAD) and Total Artificial Hearts (TAH) when determined to be medically necessary by the claims administrator.
- 13.** Radial keratotomy, LASIK, or other procedures to correct refractive errors; eyeglasses, sunglasses, or contacts including examinations and fitting charges.
- 14.** Surgery or treatment for, or related to, psychogenic sexual dysfunction or transformation.
- 15.** Services or supplies in connection with artificial insemination, in-vitro fertilization, or any procedure intended to create a pregnancy.
- 16.** Wigs.
- 17.** Ear or body piercing.
- 18.** Custodial care, unapproved sitters, day and evening care centers (primarily for rest or for the elderly), or diapers.
- 19.** Programs considered primarily educational and materials such as books or tapes.
- 20.** Extraneous fees such as postage, shipping or mailing fees, service tax, stat charges, or collection and handling fees. Charges for telephone consultations.
- 21.** Drugs and supplies which can be obtained without a prescription unless specifically cited in the Plan Document (example: injectable B-12 for pernicious anemia).
- 22.** Hotel charges unless pre-approved through the organ transplant program.
- 23.** Cosmetic surgery and related expenses including, but not limited to, scar revision, rhinoplasty, and saline injection of varicose veins.
- 24.** Any dental care, treatment, or oral surgery relating to the teeth and gums including, but not limited to, dental appliances, dental prostheses (such as crowns, bridges, or dentures), implants, orthodontic care, fillings, extractions, endodontic care, treatment of caries, gingivitis, or periodontal disease.
- 25.** Treatment and therapies for maintenance purposes.
- 26.** Reversal of sterilization procedures.
- 27.** Charges for prescriptions that are lost, stolen, misplaced, or forgotten.
- 28.** Charges incurred outside the United States unless traveling for business or pleasure.
- 29.** Charges for bathroom chairs, stools, and tub handrails.
- 30.** Fitness clubs and programs.
- 31.** Brand name proton pump inhibitors (a group of medications typically used to treat stomach acid problems) unless prior authorization has been received.

How the Plan Works

Choice of Doctors

Under the Point of Service plan, you can choose to seek care from doctors who can provide general or routine care. These doctors include family practice, general practice, internal medicine, and pediatric physicians. Most individuals establish a doctor-patient relationship with these types of physicians.

Members sometimes have a need to see a specialist for a medical condition. Simply choose a specialist that participates in the network and schedule an appointment. If a specialist determines that you should be admitted to the hospital or need services that require prior authorization, they will handle these plan requirements for you. However, it is a good idea to contact us to confirm benefits for hospital admissions or other services that require prior authorization.

The Point of Service plan does not require you to choose a primary care physician or PCP. The plan provides benefits for specialist services and you do not need a referral from a primary care physician. To receive maximum benefits, always choose in-network providers and facilities.

OB/GYN Services

Once during each calendar year, you can receive a routine OB/GYN well-woman exam. If your doctor determines you should see another specialist or be admitted to the hospital, all prior authorization requirements will be handled by that physician.

Durable Medical Equipment, Respiratory Equipment and Enteral Nutrition

Apria is the exclusive national provider for durable medical equipment (DME), respiratory equipment and enteral nutrition. Apria has over 500 locations nationwide, however, if needed, Apria and CIGNA HealthCare will work with existing providers on a case-by-case basis to ensure access to members. To help our members and providers receive the highest level of care and service the following process should be followed:

For all DME, respiratory equipment and enteral nutrition, providers should call Apria at 1.800.901.3566 or fax the request to 1.800.723.4288. Prior authorization will still be required for some services and Apria will coordinate that with CIGNA HealthCare. Please be advised that all new orders will require a prescription from the provider for the order to be filled for delivery. Apria is set up on a home delivery model and in most cases the order will be taken and delivered directly to the members' home. In some rare cases, or at the member's request,

the member may want to physically go to an Apria location. This is typically done if the member would prefer to go at their convenience versus having to schedule a time for an appointment or delivery for an item or service. Turnaround time of an order is based on medical necessity and the provider's request. Typical turnaround is the day after the order is placed unless it is indicated and requested for same day delivery due to medical necessity. Some custom items or orders will take longer but the turnaround will be communicated to the provider and member at the time of order.

CareCentrix (Gentiva) will continue to provide service and care for certain specialty items such as insulin pumps, wound vac, bone growth stints, CPMs and related supplies as well as all traditional home health and infusion-related services. The provider will call 1.800.411.2305 to place an order for these types of services or supplies.

Benefits: In-Network or Out-of-Network

In-network benefits are those provided by a network provider. In most cases, your only expense is a reasonable copay due when you receive care. With out-of-network benefits, you can receive care from doctors and hospitals not participating in the network and benefits will be provided, but at a reduced level.

If you utilize an out-of-network provider the cost to you will be substantial. You will receive the lower level of benefits and will be required to pay the difference between the maximum allowable charge (MAC) and the actual charge. Also remember certain services will not be covered out-of-network. Your health care coverage does not allow payment for services you receive in-network or out-of-network

which are not medically necessary for your condition. If care given is not found to be appropriate and necessary, then no benefits will be available and you will be liable for the services.

Maximum Allowable Charge Defined

In the simplest terms, the maximum allowable charge (MAC) is the maximum amount that we will pay to a particular provider for a particular service. Providers who have contracted with us to provide network services have agreed to accept that amount as payment in full, writing off the rest of the charge after any applicable deductible or copay is paid by the member. Following is an example of how in-network benefits compare to out-of-network benefits:

Outpatient surgery fee	\$5,000.00
MAC	\$828.00

In-Network

In-network member copayment	\$0.00
Plan pays 100% of MAC	\$828.00
Patient liability	\$0.00

Out-of-Network

Plan pays 70% of MAC after deductible	\$369.60
Patient coinsurance (30%)	\$158.40
Patient deductible	\$300.00
Patient owes MAC difference	\$4,172.00
Total patient liability	\$4,630.40

CIGNA HealthCare Healthy Babies®

The CIGNA HealthCare Healthy Babies program gives mothers-to-be the information and support they need to make the best choices for mom and baby.

When you enroll in Healthy Babies you'll get valuable educational materials, including:

- Guidelines for a healthy pregnancy and baby.
- Information on health issues that can impact pregnant women and their babies, including stress, depression and gum disease.
- A guide to pregnancy-related topics available through the CIGNA HealthCare 24-Hour Health Information LineSM.
- A list of informative online and telephone resources.
- Information on prenatal care from the March of Dimes®—a recognized source of information on pregnancy and babies.

In addition, you'll have round-the-clock access to a toll-free information line staffed by experienced registered nurses. You may also be eligible for support from a registered nurse case manager if you or your baby has special health care needs.

To enroll, just call the toll-free number on your CIGNA HealthCare ID card, any time during your pregnancy.

Please note: The Healthy Babies program is offered in addition to the services covered as part of a

CIGNA HealthCare medical benefit plan. Covered services depend on the CIGNA HealthCare plan offered by your employer.

Urgent Care

Members sometimes have a need for medical care during evenings or on weekends. "Urgent care" is care that is important, but does not result from a life-threatening condition. Urgent care health problems are usually marked by rapid onset of persistent or unusual discomfort associated with an illness. If you need urgent care, contact your doctor or specialist. Many physicians' offices use an answering service after hours. When you call after regular hours, be prepared to describe your symptoms and leave a number where the doctor can call you back. Your doctor will offer advice and the best course of treatment for you.

Examples of urgent care situations are:

- Difficulty breathing
- Prolonged nose bleed
- Short-term high fever
- Cuts requiring stitches

Emergency Care

If you have a medical emergency, seek treatment at the nearest medical facility. Contact your doctor or our customer service within 24 hours if you are in the state of Tennessee or 48 hours if you are out-of-state. Your doctor will make arrangements for your follow-up care.

Use of the Emergency Room

The emergency room (ER) should be used only in the case of an emergency or in an urgent care situation when your doctor advises. The highest level of benefits, in-network benefits, is available for any emergency room visit that meets the following definition of an emergency. If

out-of-network providers are utilized, benefits will be paid based on reasonable charges.

An "emergency" is a medical condition of sudden onset that manifests itself by symptoms of sufficient severity (including severe pain) such that a prudent layperson who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the individual in serious jeopardy (or, with respect to pregnant women, the health of the woman or her unborn child)
- Serious impairment of bodily functions
- Serious dysfunction of any bodily organ or part

The prudent layperson approach is designed to address the issue of the need for a member to seek prompt access to care when symptoms appear serious.

For each covered emergency room visit, you will pay the emergency room copay unless admitted or if the visit is a follow-up visit for the same episode of care within 48 hours of the initial visit to the emergency room. Should the ER require you to pay in full (not in-network), file the billing statement with our office and you will be reimbursed subject to the terms and conditions of the plan.

CIGNA HealthCare 24-Hour Health Information LineSM

Many members are unsure if their symptoms necessitate the need for Urgent Care or Emergency Care. CIGNA HealthCare's 24-Hour Health Information LineSM is available 24 hours a day to assist you. Simply call customer service, select the prompt for the 24-Hour Health Information Line and opt to

Speak to a nurse. The nurse will ask you a few questions about your symptoms and situation and direct you to the type of care that should make you more comfortable. If Urgent Care is necessary, the nurse will direct you to the nearest CIGNA HealthCare participating provider and assist you with any necessary authorization. If it appears that you need emergency care, the nurse will direct you to call 911 or other emergency services in your area. The nurse will help you access the appropriate services. Any time you are directed to seek immediate medical attention, we'll provide your primary care physician with the details.

Hospitalization

If you need to be hospitalized, your doctor will make the necessary arrangements at a network facility. If you are admitted to a hospital (in-network or out-of-network) without our prior authorization, your benefits will be greatly reduced.

If you are out of the network service area or, for some reason, are unable to reach your doctor before seeking care, you should

notify your doctor of any urgent care hospitalization within 24 hours (48 hours if you are out-of-state) of your admission. You should also notify your physician of emergency admissions within the same time frame. This allows your doctor to make necessary arrangements for any follow-up care. If you have seen a specialist and need to be admitted to a hospital, your specialist will coordinate your hospital care with our office. Maternity admissions do not require pre-authorization.

If you are readmitted within 48 hours of the initial visit for the same episode of an illness or injury, the required copay will be waived.

Guest Privileges Program

The CIGNA HealthCare Guest Privileges Program provides health care coverage when you are away from home for an extended period. Whether your job takes you to a new city for a few months, or one of your participating family members is away at school.

When away for a temporary period of more than 60 days, but no more than two years, you or your participating family member can inquire with a CIGNA HealthCare customer service representative to see if you are eligible for the program. If CIGNA HealthCare has a POS network in the area you are temporarily located and your medical plan design meets that specific state legislation and mandates then you will be eligible to participate. You will not just be covered for emergency care, but for all of your routine and preventive care benefits as well. Benefits are subject to all terms and conditions of the plan, including medical necessity.

To inquire about guest privileges, contact customer service and a representative will discuss your

situation and confirm your eligibility for the program. If you are eligible, the representative will take your information and enroll you in the program. Further information will then be mailed to your home address.

When you're ready to come home, call CIGNA HealthCare's customer service number at least one week before you leave your temporary residence. A customer service representative will make sure your coverage will be changed back to your original home location as it was before you left.

PLEASE REMEMBER

To ensure smooth transition of coverage to your guest location or back to your home area when you return, be sure to call customer service at least one week before your move. Failure to call may result in benefits being denied.

The benefit plan available at your guest location will be the same as your home benefit plan. However, in some situations, state mandates may mean a difference in benefits. Call customer service for assistance with any benefits questions.

Children living away from home may participate in the program as long as they continue to meet dependent and/or student eligibility status requirements.

Utilization Management

Utilization management (UM) programs include requirements governing pre-admission certification, postcertification of emergency admissions, weekend admissions, optional second surgical opinions, mandatory outpatient procedures, home health, case management, private duty nursing, durable medical equipment and the pharmacy program. These programs are used to determine payment of benefits. They are not meant to

supersede the physician/patient relationship, and the level and duration of medical care is always the patient's decision in conjunction with his/her physician.

Utilization Management (UM) decisions are based only on medical appropriateness of care and service and coverage eligibility. The UM organization does not specifically reward practitioners or other individuals for issuing denials of coverage or care. Financial incentives for UM do not encourage decisions that result in underutilization.

Prior Authorization

Prior authorization is designed to encourage the delivery of medically necessary services in the most appropriate setting, consistent with medical needs of the member and with patterns of care of an established managed care environment for treatment of a particular illness, injury, or medical condition. Prior authorization is required for certain services including, but not limited to:

- Inpatient hospital services
- Skilled nursing facility stays
- Home health care
- Inpatient rehabilitation services
- Obesity surgery
- Major skin procedures
- Face/jaw surgery (except trauma)
- Transplants
- Breast reduction
- Hysterectomy (except cancer surgery)
- Back/spine (except trauma, malignancy)
- Potential cosmetic or reconstructive procedures, such as skin removal or enhancement; lipectomy, breast reduction; surgery for

gynecomastia; treatment of varicose veins; specific eye, ear and nose procedures; erectile dysfunction

- Infertility treatment
- Acupuncture
- Biofeedback
- Speech therapy
- Cardiac/Pulmonary/Vestibular Rehab
- External prosthetic appliances
- Durable medical equipment
- Home health infusion
- Certain Injectable drugs
- Requests for services provided by a non-participating provider to be covered at in-network level

Certain drugs used for home infusion therapy also require prior authorization. All providers for the above services should request these authorizations prior to services being rendered, except in an emergency situation. When a prior authorization is required, but not obtained, benefits will be reduced to 50 percent of medically necessary expenses for out-of-network providers and no benefits will be paid for network providers.

Advanced Radiological Imaging

CIGNA HealthCare will review certain non-routine diagnostic services and the setting for such services in regards to medical appropriateness and necessity before the services are performed. Services subject to such review include Magnetic Resonance Imaging (MRI), Magnetic Resonance Angiography (MRA), Magnetic Resonance Spectroscopy (MRS), Computerized Tomography (CT), Computerized Tomography Angiography (CTA), Positron Emission Tomography (PET) scans, and nuclear cardiac imaging studies.

Coordination of Benefits with Other Insurance Plans

If you are covered under two different insurance plans, benefits will be coordinated for reimbursement up to 100 percent of allowable charges. At no time should reimbursement be more than 100 percent of actual expenses. If you are covered as the subscriber or employee by more than one group health program, primary and secondary liability between the plans will be determined based on the order of benefit determination rules included in the Plan Document. Different coordination of benefit rules apply based on the type(s) of policies you may have and the status of those policies (e.g., active, retired, COBRA). If your spouse has coverage through his or her employer, and has you covered, then that coverage would be primary for your spouse and secondary for you. When this medical plan is primary, the benefits of this plan are calculated just as if the other plan did not provide benefits. Primary coverage on children is determined by which parent's birthday comes earliest in the calendar year. The insurance of the parent whose birthday falls last will be considered the secondary plan. The determination of primary or secondary coverage may be altered in the case of divorced parents when a court decree specifically designates the parent whose coverage will be primary. A copy of the court decree should be submitted to our office.

Once a year you will be asked to validate the information on file concerning other coverage. This is done because it is not uncommon for this type of information to change. Periodic validation helps us ensure accurate claims payments. The completed form letter must be received before any further claims processing can take place.

Pharmacy Coordination of Benefits with Other Insurance Plans

In order to ensure timely reimbursement of pharmacy costs when coordinating with another insurance company or when paid out-of-pocket while traveling, please follow the following instructions:

1. Retrieve the claim form on www.myCIGNA.com.
2. Complete ALL information in the top sections.
3. Sign and date the certification statement in the area provided.
4. Complete the return address section of the form.
5. Submit a separate form for each family member.
6. The lower section must be completed in full for each prescription dispensed. If you have questions regarding the information needed to complete the form, contact your pharmacist.
7. For more than four prescriptions, use additional forms as necessary.

8. Mail the claim form within 13 months of the prescription fill date, along with the original receipts (not cash receipts), to Connecticut General Life Insurance Company Pharmacy Service Center P.O. Box 3598 Scranton, PA 18505-0598.

Claims Subrogation

The medical plan has the right to subrogate claims. This means that the medical plan can recover (1) any payments made as a result of injury or illness caused by the action or fault of another person, or (2) a lawsuit settlement from payments made by a third-party insurance company. This would include automobile or homeowner's insurance, whether yours or another's. You are required to assist in this process and should not settle any claim without written consent from our subrogation department.

Out-of-Country Care

When traveling outside of the United States for business or pleasure, eligible expenses incurred for medically necessary services are covered at the in-network level. No benefits will be paid if a covered person travels to another country for the purpose of seeking medical treatment outside the United States. Claims from a non-English speaking country should be translated to standard English at the covered person's expense. Claim forms should contain valid procedure and diagnosis codes and include the current exchange rate, if available, before being submitted for payment.

Benefit Level Exceptions

Two types of exceptions – unique care and continuous care – may be granted for which benefits will be paid at the in-network level to an out-of-network provider or facility. All requests for exceptions are reviewed

individually by our office. *Exceptions will be granted only for medical necessity, not for convenience.* To apply for a unique or continuous care exception, work with your provider to submit the following information in a letter to our office address, attention State of Tennessee Unique Care Coordinator. Within two to three weeks, you will be notified whether your request is granted or denied. If the items listed below are not provided with the initial request, the decision may be delayed until all pertinent information can be gathered.

- Patient name and ID number
- Name and type of provider you are requesting
- Diagnosis and treatment plan, date(s) of service
- A statement explaining why this treatment cannot be received at a network facility or provided by a network physician

Unique Care Exceptions

A unique care exception can be granted for treatment not routinely available from a network provider in an employee's geographic area. This exception is based on the patient's condition or need for a particular physician and must be requested before receiving care. We will determine whether a network provider is available to provide treatment for the illness or injury.

If a unique care exception is granted, benefits are paid at the in-network level. Any charges above the maximum allowable are the patient's responsibility. If distance (out-of-state) traveling is required, reimbursement will be at 80 percent of commercial coach airfare or ground travel at the state approved mileage rate, if appropriate. When unique care exceptions are granted, a time frame for this approval is given. If the need for unique care is anticipated beyond the stated time

frame, then another unique care request must be submitted before the time frame is exceeded. Updated medical information documenting the continued need for out-of-network care will be required. The review of this request to extend a unique care approval will include an examination of the available network in an effort to determine if the required care can now be accessed within the network.

Continuous Care Exceptions

A continuous care exception can be granted when a patient is undergoing an active treatment plan for a serious medical condition, including pregnancy. This exception takes into account a patient's established relationship with an out-of-network provider. Our medical director will determine the time frame in which continuous care can be covered. Any charges above the maximum allowable are the patient's responsibility.

Coverage For Second Surgical Opinion Charges

In some instances, you have the option to receive a second surgical opinion. Second surgical opinions are not required. The second surgical opinion must be obtained from a surgeon qualified to perform the surgical procedure, but who is not in the same medical group as the physician who originally recommended surgery.

Charges for the second surgical opinion and any tests performed in obtaining the second surgical opinion will be paid at 100 percent of the maximum allowable charge (no copay required) if a network provider is used.

If you wish to obtain a second surgical opinion about a procedure *not included on the list below*, normal plan benefits and rules apply. Any surgeries (including those listed) must be medically necessary to be approved.

- Bone and joint surgery of the foot
- Cataract extraction with and without implant
- Cholecystectomy
- Hysterectomy
- Knee surgery
- Septoplasty/sub-mucous resection
- Prostatectomy
- Spinal and disc surgery
- Tonsillectomy and adenoidectomy
- Mastectomy
- Elective C-section

Case Management

Case management is a program that promotes quality and cost effective coordination of care for members with complicated medical needs, chronic illnesses, and/or catastrophic illnesses or injuries. Members who need case management are identified and contacted by phone or in writing to discuss or propose alternative treatment plans. Members may also contact customer service if they believe they would benefit from case management. In situations involving medical appropriateness, a case manager may approve additional speech, occupational, and physical therapy visits beyond plan limits.

Filing Claims

Our office is responsible for all medical plan claims processing. When you visit a network doctor or facility, be sure to show your CIGNA HealthCare ID card. The provider will file your claim directly. These network providers must file your claim within six months of the date of service. All questions regarding claims, including requests for claim forms, should be addressed to customer service.

If you visit an out-of-network doctor or facility, you may be responsible for filing claims. Out-of-network providers may also require payment in full at the time of service. The appropriate form must be used and a separate claim form must be completed for each individual who has received services. More than one bill can be submitted on a claim form. For out-of-network providers, you have 13 months from the date of service to file claims and be eligible for reimbursement.

Healthy Rewards® Program

CIGNA Healthy Rewards provides access to a range of health and wellness programs and services not covered by many traditional plans including, but not limited to, Weight Watchers®, Jenny Craig®, tobacco cessation programs, acupuncture, fitness club memberships, laser vision care, massage therapy and health and wellness products and discounts on popular magazines. This program can save you money by providing discounts on these services when you use Healthy Rewards participating providers. There are no referrals, no claim forms, and no catch! To locate participating providers, call 1.800.870.3470 or visit myCIGNA.com.

* Some Healthy Rewards programs are not available in all states. If your CIGNA plan includes coverage for any of these services, this program is in addition to, not instead of, your plan benefits. A discount program is NOT insurance, and the member must pay the entire discounted charge.

CIGNA Well Aware for Better Health® (Disease Management Programs) (Cardiac, Diabetes, COPD, Asthma, Low Back Pain, Obesity and Weight Complications)

What do I get with Well Aware?

- A confidential, free resource to help you improve your health.
- Telephone access to nurses who specialize in your condition, 24 hours a day, 7 days a week.
- Educational information selected just for you.
- A workbook to help you track your progress.
- Reminders of scheduled appointments and preventive screenings.

What are the benefits of participating in Well Aware?

- Improved health, so you can do the things you love.
- A better understanding of your condition and medications.
- Answers you can trust to your questions and concerns.
- A personal plan to help you improve your health.
- Support with following your doctor's guidance.

How can I get the most from Well Aware?

- Answer the phone when the Well Aware nurse calls you. If you have caller ID, it will read "Your Health Plan." The nurse will ask you a few questions, like your date of birth, to identify you.
- Call the Well Aware toll-free number, 1.866.797.5833, if you have a chronic condition, but have not received a call.
- Share your concerns and questions about your condition with the Well Aware nurse.
- Follow the personal plan you develop with the nurse.

- Read the educational materials you receive.
- Continue to work with the nurse by phone to manage your condition and improve your health.

Find out more:

For more information about the Well Aware program, call the Well Aware team at **1.866.797.5833**. You can also visit **www.CIGNA.com/betterhealth** for more information about Well Aware programs and services.

Pharmacy Program

Three levels of benefits are available for prescription drugs, and your choice determines the copay amount you pay each time you have your drugs dispensed by a participating network pharmacy.

- Generic drugs are in the first tier and offer the best value. When your doctor writes your prescription, ask about using a generic drug. Generics are safe, effective, and affordable alternatives to brand-name drugs, and are available in many instances.
- Preferred brands are in the second tier. If a generic alternative is not available, talk to your doctor about prescribing a brand-name drug from the preferred drug list. This list includes many popular brand-name drugs.
- Non-preferred brands are in the third tier and will cost you the highest copay.

Copayment Exceptions

There is no copayment for diabetic supplies (i.e., glucose strips, lancets, syringes) when using in-network providers. Additionally, there is no copayment for oral diabetic drugs and insulin for generic and preferred brand prescriptions when using in-network

pharmacies. If filling a prescription for non-preferred brands, you will be required to pay the applicable third tier copayment.

Limitations

Prescriptions may be filled for the quantity specified by your physician for a single course of treatment up to a 34-day supply at retail or, if appropriate, up to a 102-day supply through the home delivery program and certain participating mail-at-retail pharmacies.

Certain drugs may have prior authorization requirements or specific quantity limits. These drugs cannot be dispensed by the pharmacist in an amount greater than the specified limit or where prior authorization has not been obtained by your physician. If you are taking a medication that is included in the quantity limit or prior authorization program, please talk to your doctor to ensure a smooth process when you refill your prescription.

Exclusions

Some types of medications are not covered by your plan. An exclusion does not mean you cannot have a particular drug; it simply means that no benefits will be provided and you will be responsible for the total cost of the drug.

Filling a Prescription at a Retail Pharmacy

Visit a participating network pharmacy and show your CIGNA HealthCare ID card when you purchase your prescription. Pay the appropriate copayment for the prescription at that time and your network pharmacist will electronically file your claim. If filling an extended-duration prescription at retail, be sure to use a participating mail-at-retail provider.

If you use a non-network pharmacy, you must pay all costs and file the claim with the claims administrator. Contact customer service for the appropriate form. After you meet the annual out-of-network deductible, you will be responsible for paying 30 percent of the maximum allowable charge as well as any amount above the maximum allowable charge on each receipt submitted. This will result in a greater cost to you. Your cost will also be greater if you utilize a network pharmacy and fail to have the claim filed electronically. All requirements, such as quantity limits and prior authorization, apply.

If you are planning a trip and need to purchase medications ahead of time, call customer service to request an early refill override. If you are out of your service area and need to obtain a prescription, you may be required to pay in full at the time of purchase and submit your claim for reimbursement. Please visit our website for a pharmacy claim form should this situation occur.

Filling a Prescription Using the Home Delivery Program

Your CIGNA HealthCare plan includes the CIGNA Tel-Drug® home delivery pharmacy program, an easy way to fill prescriptions for covered medications and have them delivered to your door. It is ideal for maintenance medications and can be used for new prescriptions and refills.

To get started, visit www.teldrug.com or call 1.800.TEL.DRUG (1.800.835.3784). Our Interactive Voice Response system, available 24 hours a day, can assist you with refills, provide status of recent orders, answer general pharmacy questions, and request assistance from a pharmacist for urgent situations. Our Customer Service Representatives are available

Monday-Friday, 7 a.m. – 10 p.m. CST and Saturday, 8 a.m. – 5 p.m. CST to assist with any other requests.

To switch to the convenience of CIGNA Tel-Drug for your next refill, try our QuickSwitch® program. Call us at 1.800.285.4812, option 1, extension 501. We'll handle the change for you – there's NO paperwork! Your medication will arrive at your door, and there is no charge for deliveries.

Specialty Pharmacy Program

The Specialty Pharmacy Program is a cost-effective and convenient way to purchase injectable medications that are covered under pharmacy or medical benefit plans. (Insulin and insulin supplies are not part of this program but are covered under your CIGNA HealthCare pharmacy benefit). There are no claim forms. CIGNA Tel-Drug will directly bill your benefits plan for your medication.

Member Rights and Responsibilities

Member Rights

You have the right to:

- Be treated with respect and dignity.
- Expect that any information you give will be treated in a confidential manner.
- Information about policies and services of the plan.
- Information regarding network providers.
- Medically necessary and appropriate medical care.
- Information about your health.
- Make decisions about your health care with practitioners.
- Voice complaints about your health care providers, the care given to you, or the Point of

Service plan. You can expect an answer within a reasonable time. You also have the right to formally appeal this answer if you do not agree.

- A candid discussion of appropriate or medically necessary care options for your condition, regardless of cost or benefit coverage.

Confidentiality and Privacy

At CIGNA HealthCare, we are committed to maintaining the confidentiality of our members' health information. We have established policies and safeguards to protect oral, written and electronic information across our organization.

INFORMATION ABOUT CIGNA HEALTHCARE PRIVACY PRACTICES

Our Notice of Privacy Practices is distributed at enrollment to all members covered under a medical insurance policy. Customers covered under self-insured medical plans will receive notices from their employers and can obtain a copy of CIGNA HealthCare's notice by calling Customer Service.

RELEASE OF CONFIDENTIAL INFORMATION

We will not use or disclose your confidential information for any purpose other than the purposes permitted by the HIPAA Privacy Rule without your written authorization. For example, we will not supply confidential information to another company for its marketing purposes or to a potential employer with whom you are seeking employment unless you authorize it.

ACCESS TO YOUR MEDICAL RECORDS

You may ask to inspect or to obtain a copy of your confidential information that is included in certain records we maintain. We may charge you

copying and mailing costs. Under limited circumstances, we may deny you access to a portion of your records. Instructions on how to obtain a copy of your records will be included in the privacy notice you receive from CIGNA HealthCare or your employer after you enroll.

INFORMATION TO THIRD PARTIES

We may disclose your confidential information to the plan administrator or their designated representatives so they can monitor, audit, and otherwise administer the health benefit plan in which you participate.

Members can take comfort in knowing that confidentiality is important. You are encouraged to call one of the customer service representatives if you have questions about privacy policies and practices.

Women's Health and Cancer Rights Act

Your medical plan's coverage of a medically necessary mastectomy also includes post-mastectomy coverage for reconstruction of the breast, surgery on the other breast to achieve the appearance of symmetry, prostheses, and physical complications during any stage of the mastectomy, including lymphedemas. This coverage will be provided in consultation with the attending physician and patient. Benefits are subject to the same annual deductibles and coinsurances as other services and pre-existing waiting periods apply, if applicable.

Member Responsibilities

Members are responsible for:

- Reading the member materials in their entirety and complying with the rules and limitations as stated.
- Contacting in-network providers to arrange for medical appointments as necessary.

- Notifying in-network providers in a timely manner of any cancellations of appointments.
- Paying the coinsurance and deductibles as stated in the benefit plan documents at the time service is provided.
- Receiving a pre-authorized referral for services, when required, and complying with the limits of the pre-authorized referral.
- Carrying and using their plan CIGNA HealthCare ID card and identifying themselves as a plan member prior to receiving medical services.
- Using in-network providers consistent with the applicable benefit plan.
- Providing, to the extent possible, information needed by professional staff in order to care for the member.
- Following instructions and guidelines given by those providing health care services.

Appeal Procedures

If you experience a problem relating to the plan policies or the services provided, there are established procedures to help you resolve your complaint. These procedures do not apply to any complaint or grievance alleging possible professional liability, commonly known as malpractice, or for any complaint or grievance concerning benefits provided by any other plan.

Administrative Appeal

To file an appeal regarding an administrative process or decision (e.g., transferring between health plans, effective dates of coverage issues, or timely filing issues), contact your agency benefits coordinator immediately.

Mental Health and Substance Abuse Appeals

Contact Magellan Health Services at 1.800.308.4934 for EAP and mental health and substance abuse appeals.

Appealing to the Claims Administrator

If you are in disagreement with a decision or the way a claim has been paid or processed, you or your authorized representative should first call customer service to discuss the issue. If the issue cannot be resolved through customer service, you may file a formal request for review or member grievance by completing the appropriate form, or as otherwise instructed. All requests must be filed within the specified time frame. When your request for review or member grievance is received, you will get an acknowledgement letter advising you what to expect regarding the processing of your grievance. When a determination is made, you will be notified in writing and advised of any further appeal options.

If a denial of coverage or authorization can reasonably be expected to prevent a covered individual from obtaining urgently needed covered services (e.g., emergency or life-threatening procedure), then providers may request an expedited reconsideration. If the treating provider or primary care physician fails to request the reconsideration and decides not to provide urgently needed services, then the member, or someone acting on the member's behalf, may request the expedited reconsideration. If we agree that it is appropriate to conduct an expedited reconsideration, we will inform the member of our decision as quickly as possible based on the circumstances of the care, including the ability to obtain information concerning the case from the provider.

Please Note: The expedited reconsideration process is only applicable in situations where a benefit determination or a pre-authorization denial has been made prior to services being received.

Appealing to the Plan Administrator

The State of Tennessee Benefits Administration has an appeal process that is available to you AFTER you have exhausted the grievance process with the claims administrator. Appeals must be requested in writing within two years of the claim determination or decision. To file an appeal at the state level, the member should send a letter and supporting documentation (e.g., explanation of benefit statements, decision letters, statements from health care providers, and medical records) to:

Appeals Coordinator,
Benefits Administration
26th Floor, Wm. R. Snodgrass
Tennessee Tower
312 Rosa L. Parks Avenue
Nashville, TN 37243

It is a good idea to maintain a copy of all correspondence you send. Specific questions regarding the appeal process may be directed to the appeals coordinator at 1.615.741.4517 or 1.866-576.0029.

The appeals coordinator in Benefits Administration will thoroughly review all information submitted to determine the exact nature of the appeal. The majority of requests for appeal require additional review by the claims administrator. The average review takes approximately 60 days to complete. Some cases may require additional time for review depending on individual circumstances. Some cases may also require review by the state's independent medical consultant.

If consideration of your appeal does not result in a satisfactory resolution, the appeals coordinator may schedule it for additional review by the Insurance Appeals Staff Review Committee. When this occurs, the member will have the option of attending

the committee meeting, or the appeal can be reviewed based on the written record. The Staff Review Committee will hear the appeal and their recommendation will be reported to the Appeals Subcommittee. The subcommittee will respond to the appeals coordinator within two weeks to indicate whether they agree with the Staff Review Committee's recommendation or vote to review the appeal at a second meeting. If the subcommittee agrees with the recommendation of the Staff Review Committee, the decision will stand. Members will be notified in writing as to whether or not requests are approved or denied by the committee. For denial decisions, the notification letter will explain any additional appeal options.

Q&A

Q Is my child who is attending college out of the service area covered at the network level?

A Children attending college out of the service area are always covered for a medical emergency. If your child requires ongoing routine care, then you may enroll him/her in the Guest Services Program. This program links together network providers from CIGNA networks across the United States. Please refer to the Guest Services section of this handbook for specific information.

Q How does the plan work for those who live outside of Tennessee?

A This plan is only available to you if you live and/or work in the service area.

Q Do I have a choice of hospitals?

A We have contracted with certain hospitals to provide care to you. If specialty care is not available at the contracted hospital(s), arrangements will be made to the appropriate non-network hospital. A request for unique care benefits may be required.

Q What happens if my doctor disagrees with a medical policy regarding my covered treatment alternatives?

A A provider appeals process is available for this situation.

Q How are the lists of prescriptions requiring prior approval and prescriptions with quantity limitations determined and how can they be changed?

A These lists are developed and maintained by a committee. The lists are established annually, reviewed quarterly, and contain medications that are clinically effective as well as cost effective. A member or provider may suggest changes to these lists by contacting our office. Suggestions will receive a written response.

Q What if my physician is out of the office?

A Physicians "cover" for each other on a rotating schedule. This means there may be times when you will not be able to speak with your physician. The nurse or physician on-call will be able to help you.

Q What if I must reach my physician after regular office hours?

A Most physician offices utilize an answering service; therefore, when you call after regular office hours, you will most likely talk to a representative from the answering service. The on-call health care professional will request some identifying information and will need a general description of your urgent medical need.

my health assessment

it's about my life

You want to make some **lifestyle changes**. Maybe you've been feeling a little sluggish and are looking to increase your energy level. Or perhaps you want to lose some weight and just don't know where to begin. Why not begin by completing the **online health assessment** for a profile of your health and health status?

The health assessment can give you an idea of the **current state of your health**. Based on your responses, you'll also learn if you are at any risk for certain conditions like diabetes or high blood pressure.

1

To start

Log in to **www.myCIGNA.com** and select the "MY PLANS" tab near the top of the page. Select *Take my health assessment* to the right of the screen and follow the registration instructions until you reach *my health & wellness center*. Select *Take my health assessment now* and follow the steps through the questionnaire. Try to have your blood pressure, total cholesterol and HDL cholesterol values with you when completing the health assessment.

I Want to...

- Find a doctor, hospital or special facility.
- Estimate medical costs for a condition or procedure.
- Take my health assessment.

My wellness score

After completing the health assessment, you'll receive a wellness score based on how you average compared to people in your gender and age group. Don't worry if your numbers are not what you hoped for. You can update the assessment whenever you make a change to your health. You'll be surprised how just a few simple changes can improve your wellness score significantly.

my wellness score

Age: 37 Sex: female
Apr. 02, 2008

Your Wellness Score comes from the information you provided on your health assessment. Improving health and updating your routine preventive services will improve your score in the future.

Dollars & Sense

Six easy ways to decrease your out-of-pocket health care expenses.

- 1. Use the CIGNA Network** Using doctors, hospitals and facilities that participate in the CIGNA network can save you a lot of money. "In-network" services apply to all health care services, including doctors and hospitals, as well as outpatient testing, treatment and surgery centers that are participating in the CIGNA network. Additionally, the CIGNA Care Network, a special group of designated in-network doctors and facilities who have met stringent quality and cost criteria, may offer additional value and savings. To verify that a doctor or facility is in CIGNA's network and the CIGNA Care Network, check our provider directory on myCIGNA.com or CIGNA.com, or call the number on the back of your CIGNA ID card.
- 2. Go to the Most Appropriate Place for Urgent Care** Emergency Rooms (ER) provide immediate specialized care to people with serious, often life-threatening issues. However, many people often use the ER for conditions that are much less serious. Treatment for non-emergency conditions in an ER costs hundreds of dollars more than treatment at an urgent care center or your doctor's office. If you need care and you're not sure whether you need to go to the ER, call your doctor's office or CIGNA's 24-hour nurse line at 1.800.CIGNA24.
- 3. Use Convenience Care Clinics** Convenience Care clinics offer quick and convenient access to affordable care for common medical conditions when you cannot get an immediate appointment with your doctor. They are often located in department stores, grocery stores and pharmacies, and most are open nights and weekends. When your doctor is not available, you can save time and money by using a Convenience Care clinic for minor or routine conditions, instead of going to an ER or urgent care center. To locate Convenience Care clinics near you, check our provider directory on myCIGNA.com or CIGNA.com, or call the customer service number on the back of your CIGNA ID card.
- 4. Laboratory and Pathology Tests** Two of the nation's largest laboratories, Quest Diagnostics, Inc. (Quest) and Laboratory Corporation of America (LabCorp), participate in the CIGNA network. Services at these labs can cost 70-75% less than the same services provided by hospital-based facilities and other laboratories. When you need lab services, discuss these options with your doctor. To find the nearest Quest and LabCorp locations, check our provider directory on myCIGNA.com or CIGNA.com. You can also contact Quest or LabCorp directly by phone or visit their websites:
 - Quest: 800.377.7220 / web: www.questdiagnostics.com
 - LabCorp: 888.522.2677 / web: www.labcorp.com
- 5. Radiology Services (MRI or CT Scan)** If you need to have an MRI or CT scan, you can save hundreds of dollars by considering an independent radiology center instead of a hospital setting. While CIGNA contracts with all types of facilities, including hospitals and outpatient radiology centers, cost can vary greatly depending on where you have your MRI or CT scan. Discuss the options with your doctor. For help locating the most appropriate facility to have your MRI or CT scan, you can use our cost comparison tools on myCIGNA.com or call the customer service number on the back of your CIGNA ID card.
- 6. Selecting Where to Go for a Colonoscopy, Endoscopy or Arthroscopy.** When your doctor recommends a colonoscopy, GI endoscopy or arthroscopy, make sure you know your options. Using an independent outpatient surgery center for these procedures instead of a hospital can often save hundreds of dollars. Talk with your doctor about options. For help locating the most appropriate facility, you can use our cost comparison tools on myCIGNA.com or call the customer service number on the back of your CIGNA ID card.

it's time for a change
